

## ANNUAL FUND DRIVE - PROGRAM SPOTLIGHT READING SPECIALIST AT SCOTT CAMPUS

**NEW this year!!!**

Additional reading support is now available for students at the Scott Campus. This new program is fully funded by the PTA, and staffed by Debbie Magsanay, our Tier II Reading Specialist. Ms. Magsanay is onboard and enthusiastic to assist students and help them succeed in their literary skills.

### **What is The Scott Campus Reading Support Program?**

This program is designed to focus on strategies that move students towards reading independence. It provides daily, structured, fast-paced reading instruction in small groups, delivered at each student's individual level. Our goal is to accelerate students by moving them up to the next reading level, and then having them successfully access grade-level classroom instruction.

*"I love teaching reading because it is so complex yet so vital to our everyday lives. This position gives me the chance to work with students on such a personal level, analyzing their literacy skills then giving instantaneous feedback. This type of program is exactly what our Claire Community needs to successfully and intensively differentiate reading instruction here at the Scott Campus. It validates our work around closing the achievement gap, and is essential to ensure that ALL students who graduate from our school use reading to develop life skills in any and all areas that they choose."*

-- Debbie Magsanay, Tier II Reading Specialist at Scott Campus

**To donate to the Annual Fund: Return your donation in the donation envelope sent home with your child or donate online at [clairelilienthal.org/giving](http://clairelilienthal.org/giving). All donations are welcome and appreciated!**
