Dear Lilienthal Community,

As many of you know, college has the potential to significantly change the trajectory of a child's life. With a college degree, students gain exposure to new learning, diversity, increased earnings potential upon graduation, and life-long friendships. Recognizing those positive impacts, SFUSD has been partnering with the City and County of San Francisco to provide college savings accounts for all eligible Kindergarten students.

I would encourage all of you to open up a Kindergarten to College savings account and make any effort you can to begin regular savings to prepare for the cost associated with tuition and books. All accounts start with \$50 and there are a number of incentives associated with initial savings, a regularly scheduled savings plan, and registration with Kindergarten to College. You have the potential to earn over \$100 through the setup process.

For more information on this great program, please see the attached documents that will highlight the registration process, additional benefits, and how our school stacks up to other schools in the district.

Start planning today, before you know it, you'll be applying to colleges and being prepared will make all the difference.

If you have any questions about the program, please see the [Frequently Asked Questions](#) or reach out to [info@k2csf.org](mailto:info@k2csf.org).

With the long view in mind,  
Tyler Graff  
Principal, Claire Lilienthal K-8

### San Francisco Food Bank barrels

have arrived at both Lilienthal Campuses.

With the holiday season upon us, Claire Lilienthal will be collecting canned food for the SF-Marin Food Bank. Large food barrels are located near the offices at both the Madison and Scott campus. The barrels are available through December 14<sup>th</sup>.

The most needed items are:

- Tuna, canned meat, peanut butter, soup, chili, beans, cereal, canned fruit and vegetables, whole grain rice, pasta and oats, (please no glass or perishable items)

For the first time in CL history, our food barrels are embarrassingly empty (out of 3 barrels at each site, only one has food and it isn't full). Historically, we've filled barrels for Thanksgiving and then again, for the winter holidays. This is an excellent opportunity to teach your children the gift of giving to those less fortunate. Please give generously to this most worthy cause.

### CL Pajama Update!

Thank you to everyone who supported this year's 8th grade class fundraiser and bought the CL Wolves PJs. Thanks to you, we raised about \$1500 for the graduation ceremony next May! Pajamas have been delivered to your child's classrooms, so please check those backpacks for them! Email Mindy at [mswagel@gmail.com](mailto:mswagel@gmail.com) if you have any questions or problems with your order.

## Calling Scholastic Book Fair Volunteers

- Madison Campus

We are in need of parent volunteers for the Scholastic book fair to be held Dec 4 - 8th between 7:45am and 9:45am and 1:30pm to 5:30pm on the stage in the auditorium at Madison Campus. Please sign up if you have a few hours to spare. This is a great fundraising opportunity to stock classroom libraries and provide materials for our teachers, but we can do it without our parent volunteers.

Please sign up here:

## Renegade Kids After School Classes

Winter registration is now open!

Tinker Your Future! It's Career Day for Renegades. What might the future hold? We explore a myriad of professions with science, technology, engineering and math foundations. What kinds of scientists are there? What is a tech worker? Our Renegades will explore fields they may not know existed, and others they may be curious about. Future biomedical engineers build a prosthetic limb. Budding chemists mix polymers to create resin shapes. We investigate how physics and engineering come together to create a zip line for a theme park.
