Dear Lilienthal Families,

We're just a few days away from Spring Break! When we get back, we're on the home stretch for the school year. Our 8th graders are all excited for the high schools they've been accepted to and our 2nd-grade kids and families are getting excited about the transition to the Scott Campus.

Before we all head off for the fun of Spring Break, I'd like to remind everyone of a few simple routines that really help our school run smoothly. With 700 kids across two campuses, it's imperative that we do our best to follow these routines to keep our kids safe and engaged in their learning.

The first routine I'd like to highlight is our start time. We start at 7:45 sharp and students are counted as tardy when they show up at 7:46. I know that getting kids up and ready for the school day can be a challenge, and it's important to help students build the life-skill of punctuality at an early age. Please do your best to get your child here by 7:45 at the latest. The first part of the school day is an important one. That's where many of our classrooms check homework, do a warm-up activity, or do a community circle to start the day on the right foot. Often, children feel left out or upset when they have to come to school late and enter the room when the class is already started with their morning routines.

Also, I'd like to remind everyone about the drop off routines in the mornings. Sorry to harp on this one but it's important. For safety reasons, let's do our best to follow the routines that we've set in place for the morning. At the Madison Campus, we have a number of wonderful parents who open doors on Clay Street. Please follow the line of cars moving up Clay Street and wait to have the car door opened by an adult. At the Scott Campus, please pull all the way forward on Divisadero Street and have your child exit the car quickly. There should be two adults on Divisadero Street directing traffic and opening car doors. Dropping off on any other street other than Divisadero or Clay becomes a safety issue, due to lack of supervision and other traffic-related issues.

Thanks in advance for doing your part to help our school run smoothly. Lilienthal is a really wonderful school and the complexities of two campuses and 700 kids force us to be diligent about school routines in order to keep focused on the core of our work, educating the future!

Have a wonderful week and Spring Break. We'll see you on Clay or Divisadero Street between 7:30 and 7:45 on April 2nd!

Sincerely,
Tyler Graff
Principal, Claire Lilienthal K-8
