Dear Lilienthal Community,

I'm happy to announce that we have four wonderful candidates for the two openings we have on our SSC for next year. Each and every one of the self-nominated candidates has a history of thinking about the whole school and finding ways to come to resolution on challenging issues. Additionally, all four candidates aren't afraid to roll up their sleeves and do the work it takes to build the school we all hope for. Attached to this newsletter, you will find the candidates' nomination forms. I encourage you to read through them and think critically about who will represent your voice on next year's School Site Council.

Once you've read through the nominations, please take a minute to vote for your top two candidates by using this survey [link](#). In accordance Article III, Section One of our [SSCBylaws](#), Ms. Harmon and I hold the responsibility of ensuring diversity of the Site Council Board. If the election results fail to create that diversity, we are charged with selecting a candidate that will represent our student and parent body. The SSC election will be open until Friday, May 11th. Your voice in this process is important to the development of a collaborative governing body. Thank you in advance for your participation!

Again, I'm very excited with the quality of candidates we have for our election. If you weren't able to put your name in the running this year, please consider helping out in any way you can next year. As a staff, we're eager to engage parents in meaningful ways. Your support in the classroom, with community events, and in fundraising has helped us become one of the premier schools in San Francisco Unified School District and a California Distinguished School for the second time. Our continued

collaboration will only help us maintain our reputation as one of San Francisco's finest public schools.

In collaboration,

Tyler Graff

Principal, Claire Lilienthal K-8

From the CL Library.

We would like to thank all of you wonderful CL parents for your most generous donations to our **Birthday Book Program** this school year. You, the parents, have made our library a wonderful place for our students to visit, learn, and succeed! Since August, our Claire Lilienthal Birthday Book program has raised over \$2600 to supplement our library book collection and lunch bunch program! We appreciate your generosity and we are still accepting donations!

Thank you so very much.
