Dear Lilienthal Families,

Summer is upon us and we're enjoying the final few weeks of the school year! Graduation, Open House, and May Dance are all right around the corner, be sure to attend as many of these events as possible. It's fun celebrations like these that have built the strong community that defines our school.

With that said, I want to thank all of you for supporting the work we've accomplished this year. You've all done your part in making our school a better place for our children. From volunteering in the classroom to running fun events like the Starlight Auction and May Fair, you are an essential part of our school community. Your donations and volunteerism have supported the school-wide implementation of social-emotional supports for our students. Our teachers have done such an outstanding job implementing those strategies that we won our second California Distinguished School award this year. We were also ranked as the #2 school in the city by Niche. Our efforts to improve our already wonderful school are paying off!

We've also been able to continue our expansion of Project-Based Learning and have gone deeper

with Readers and Writers Workshop this year. I'm impressed with our teachers ability to collaborate, learn, and iterate on their work when it comes to these two initiatives and am excited to see what we'll accomplish with them next year.

It takes a strong community to raise children into responsible adults and as parents you do a lot of heavy lifting with us. You help them with homework, reflect with them on how they could have managed situations better, and you walk with them through challenging new topics (especially in middle school!).

I feel extremely fortunate to be a member of this community and want to thank you for all that you do in making Lilienthal the place that it is. With only a few more weeks in the school year, take some time to reflect on how lucky we are and share some gratitude with someone in our community you think is making a difference for our school or your child.

Thank you for your unyielding support, gratitude, and involvement. We couldn't do it without you!
With admiration,

Tyler Graff

Principal, Claire Lilienthal K-8
